

REMARKS

The foregoing amendments are made to insert the required SEQ ID NO identifiers associated with each listed sequence, as well as to incorporate by reference the Sequence Listing filed concurrently herewith. Additionally, applicants contend that the listing filed concurrently herewith corrects an obvious block and copy error in SEQ ID NO: 3. Namely, SEQ ID NO: 3 was disclosed in the prior listing as filed as 42 nucleotides in length, wherein nucleotides 1-21 and 22-41 were inadvertently duplicated to disclose a nonsensical sequence. Furthermore, support for correction of this sequence may be found on page 36, lines 19-20, wherein the correct version of the sequence is disclosed.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

The Commissioner is hereby authorized to charge any fees associated with this response to Deposit Account No. 13-3402.

Respectfully submitted,
